## LIPTON BUTTS IN AGAIN

Briton's Thoroughbred Sport Is Looking For Another Defeat From Yankees.

New York, March 18.—The New York Yacht club has replied to the letter of Sir Thomas Lipton in which the Irish baronet asked if the club would accept a challenge for a race for the America's cup under the new rule of measurement of the club. This letter was received early in January and acknowledged, but it was not deemed of sufficient importance to call a special meeting of the club for its consideration, as no challenge could be accepted for a race this year.

The letter was read to the members at the annual meeting Feb. 18 and referred to a special committee to consider the matter. Sir Thomas Lipton, in asking if the club would accept a challenge under the new rules, practically asked the club to bar the Reliance, Constitution and Columbia from participation in future races for the cup. These boats could not be used as defenders because the present rules of the club limit the draught of its boats to eighteen feet, and these three boats are over twenty feet.

It is understood from club members who have a knowledge of what the committee has decided, that the club does not cross a bridge until it comes to it, and that it will not accept a challenge being made by a boat which is not a member of the club. The committee considered the proposals of Sir Thomas carefully and has decided to decline the challenge.

The letter points out that the deed of gift requires a challenge to come to some one of the club, and that it is the challenge which is accepted. Sir Thomas Lipton, who is a member of the club, is asking a race under certain conditions, and the matter will be considered by the New York Yacht club and some definite action taken.
